

Summary of Comments - Den

| Name | Practicality and Function | Heating and Comfort | Decor |
|---------------|--|--|--|
| Chapel Member | Largest unhampered area of space | Dark and claustrophobic | |
| Chapel Member | | | |
| Chapel Member | | Heating poor and sometimes does not work at all. | |
| Chapel Member | Power sockets only being over head is sometimes a problem. I use this room every week and I think it's a good room that suits my purposes. | The temperature is generally ok and easily sorted if not right. | Fine. |
| Chapel Member | Fitted cupboards for storage | | |

| Chapel Member | If the lower porch is expanded, we would need to store the chairs somewhere else. Some of them could be stacked on the low dais moving the cupboard elsewhere. The rest of the chairs could be stacked on the stage. We should look at what needs to be kept in this room and tidy things up. | | |
| Chapel Member | | Heating is not very effective, is noisy and tends to make people uncomfortable (either too hot or freezing). Thermostat not always a help. A simpler to operate system would be good, and one which provides more of a background, consistent heat rather than | |
