

Summary of Comments - Kitchen and Toilets

Name	Practicality and Function	Heating and Comfort	Decor
Chapel Member	Kitchen is small and there is No fridge Toilets:- Pleased we've got some! How many do we need per head?	Dark	
Chapel Member		Needs stronger lighting	
Chapel Member		Lighting is very poor. If any room needs to be well lit it is a kitchen!	
Chapel Member	Kitchen:- Often feels overcrowded. Instructions for the oven would be handy. Outsiders often comment on how well organised, equipped and great it is. Toilets:- Ladies: Whilst having 2 toilets is beneficial the gap between the two is too small. It is awkward for two adults to pass one another. A fitted soap dispenser would be good as children can't reach the soap which is kept on the window sill and the sink is too small to hold a soap. The sliding door and lock confuses people. The next door neighbour commented that windows are frequently left open.	Often feels dark, strip lights may give better light.	Ceiling needs re-painting
Chapel Member	Kitchen:- Something to hang towels on to dry Toilets:- Secondary glaze windows to improve heating and reduce drafts		
Chapel Member	NC		
Chapel Member	NC		
Chapel Member		Improve the control system for the CH	
Chapel Member	For its size its good	Needs better lighting	Improve the hatch – should operate smoothly and shut for fire safety
Chapel Member	Make hatch into Den for "Dumb Waiter"		
Chapel Member	NC		

Summary of Comments - Kitchen and Toilets

Chapel Member	Kitchen looks good and works well. Toilets are sufficient for our needs at present but would benefit from a full update in the next few years.	Improve kitchen lighting	
Chapel Member	Kitchen space is a bit limited. Toilets:- Not easily accessible from much of the Chapel complex, especially for anyone with mobility problems. Could we have a toilet upstairs?		
Chapel Member	Toilets:- very difficult to access if mobility impaired Not easily accessible from much of the Chapel complex, especially for anyone with mobility problems. Could we have a toilet upstairs?	Please could lighting be brighter.	
Chapel Member	Small. I think we could “pinch” some space from the back of the stage to enlarge the toilet area providing one more cubicle and another basin.	Poor lighting	
Chapel Member	NC		
Chapel Member	Kitchen not big enough but don’t know what can be done. Toilets:- nice and warm but small. Not obvious to visitors there are two cubicles!		
Hirer	Clean		
Hirer	Kitchen is well stocked but the oven is sometimes temperamental. Could do with more toilets and a bigger basin and at least one more basin. Soap dispenser would be useful.	Kitchen could be a bit brighter.	
Hirer	Fine
